# Virtual Ethnography

**the use of virtual ethnography in distance education research** - traditional ethnography. virtual ethnography avoids biased opinions about the existence of communities. instead of studying with a group and identifying it as a community, it allows multiple persons to assume leadership roles within the reality, status and principles determined by participants (ward, 1999). virtual ethnography explains how **virtual ethnography - drexel cci** - virtual ethnography abstract this paper discusses my research background and approach. i also provide an example of my field study on video games using virtual ethnography. challenges in doing qualitative research are discussed at the end. keywords ethnography, qualitative research acm classification keywords h5.m. **addressing public and private issues in a virtual ...** - virtual ethnography is not simply lurking, observing, and capturing messages, pictures and videos posted in the online environment, but also following peoples' online behavior. consequently, there is a clear need to respect the people, their identities and ownership of the words that **virtual ethnography and discourse analysis** - virtual ethnography is well-represented in educational research, and as a branch of ethnographic research is rooted in the critical style of educational research. virtual ethnography, like critical ethnography, has the following characteristics: • thinking is mediated by socially- and historically-motivated power relationships. **virtual ethnography research on second life virtual ...** - study, hine (2000) argues that virtual ethnography tries to create a distinctive understanding of the significance and implications of the internet. to kozinet, (2002) ethnography on the internet ... **virtual ethnography methodology for researching networked ...** - virtual environment of the activity, but deal with the activities. it can concern the collection of e-mails exchanged, instant messaging or other logs that the researcher has with other participants. the ethnography methods enable to enlarge the collection of log data. the ethnographer is interested in
